

Agency Administrator's Guide to the Early Intervention Provider Registry

Who Should Use this Administrator's Guide?

You should be using this guide if you have been designated as the Early Intervention (EI) Registry Administrator for your agency. Each EI provider agency, including those providing Service Coordination services, should have a person designated as the Infant/Toddler EI Registry Administrator. The EI Registry Administrator is responsible for administering the registry, including verifying employees who have created an account, monitoring employee participation, and accessing reporting features.

Do I Need to Complete a Profile?

The EI Registry Administrators should create a profile in the Provider Registry before completing any of the Provider Registry administrative functions. If you do not provide direct services to children in Early Intervention, you'll still need a profile, but you will not need to add any credentials or training documentation.

What Information Do I Need In Order to Request Access to an Administrative Profile?

In order to request access to an administrative profile, you will need your agency's MPI number. If you are not sure of your MPI number, please email ra-ocdintervention@pa.gov.

What if the Administrator changes?

Do not give your account details to a new Administrator. If your agency needs a new person designated as the Infant/Toddler EI Registry Administrator, please email ra-ocdintervention@pa.gov.

Common Definitions in the Provider Registry

Agency – holds the contract with the county to provide EI services, including those providing Service Coordination services (e.g., Service Coordination Units). An Independent Provider, who holds the contract with the County to provide EI services, is also their own agency.

Early Intervention Specialist – All Pennsylvania EI providers who must document training hours for an Infant/Toddler EI program will create a profile in the Provider Registry under the category of Early Intervention Specialist.

Employer – If an EI provider delivers services through an agency, regardless of their official employment status (employee vs. contractor vs. subcontractor), that agency is considered their Employer. The Employer is the agency that holds the contract with the County to provide EI services. All Employers will appear in the Provider Registry using the agency's official name as listed in PELICAN-EI. DO NOT CREATE A NEW EMPLOYER.

Independent Provider – If a provider delivers EI services and directly holds the contract with the County to provide those services, that person is both a Provider and their own Agency. They will also be their own Registry Administrator.

MPI – This is the Master Provider Index number. This number will help you find your agency in the system and match you with your agency. You'll need this number to request administrative access. If you don't know your MPI, ra-ocdintervention@pa.gov.
